

LFP time: save and review staged blocks

Enter a time range, check its preview and review the saved staged entry.

For: Physicians and billing staff

Before you start

- Your clinic has LFP time entry enabled and you have access to it.
- The applicable practitioner, service date and clinic facility number are available.

What you'll achieve

The time block is saved as a staged entry for review.

Open the time entry form

Open LFP Time Billing and confirm the practitioner and service date.

[illegible]

2

Check and save the staged preview

Enter the applicable time code, start and end times, facility number and location. Use your clinic's facility number; the screenshot shows an example. Check the calculated units and amount, then choose Save staged preview.

Add LFP time

No patient picker is used for LFP time claims.

Practitioner

Dr. Elena Vasquez

Service date

2026-10-01

LFP time code

98010

Start time

09:00 AM

End time

09:15 AM

MSP facility number

99999

Five digits

Location

L — clinic location

Calculated preview

1 unit · \$32.50

15-minute full units at \$32.50 each

SAVE STAGED PREVIEW

3

Review the staged entry

Find the saved time range in Staged day-sheet entries and check its details. Saving keeps the entry staged; it does not submit it to Teleplan. Physician review is a separate step.

Staged day-sheet entries

Showing 2026-10-01 for Dr. Elena Vasquez.
Review the totals once; eligible blocks then enter the OSCAR handoff.

 REFRESH

➤ REVIEW SELECTED

No OSCAR clinic is configured. You can record the physician review; export will be held for staff.
